

§215.5

will construe any application for initial, reissued, or transferred authority, as well as any commuter air carrier registration or amendment filed under part 298, as containing a "registration" of the intended name. A separate name registration document need not be filed. A carrier registering use of a trade name, without seeking reissuance of its underlying certificate or foreign air carrier permit or exemption authority, must file a statement that complies with §§302.3 and 302.4 of this chapter registering its intended name with the Air Carrier Fitness Division if it is a U.S. certificated or commuter carrier, or within the Licensing Division if it is a foreign air carrier.

(b) *Montreal Agreement*. Each registration under this section shall be accompanied by three copies of a counterpart to the Montreal Agreement (Agreement 18900) (OST Form 4523) signed by the carrier using the proposed name. Upon arrival of the application, the Department will place a copy of the signed OST form 4523 in Docket 17325.

(Reporting and recordkeeping requirements in paragraph (b) were approved by the Office of Management and Budget under control number 3024-0064.)

§215.5 Procedure in case of similarity of names.

The Department will compare the proposed name in any registration filed under this part or in an application for new, reissued, or transferred authority with a list of names used by existing certificated, commuter and foreign direct air carriers. The Department will notify the applicant of any other certificated, foreign or commuter carriers that may have an identical or similar name. The registrant must then notify those carriers of its registration. The notification will identify the applicant and state its proposed name or the name requested, area of operation or proposed area of operation, type of business, and other pertinent matters. The registrant must then file a certificate of service of the notification with the Department.

14 CFR Ch. II (1-1-03 Edition)

§215.6 Acknowledgment of registration.

After completion of the filing and notification requirements of this part, the Department may acknowledge the registration by notice in the action granting the application for initial operating authority, transfer, or reissuance or in approving the commuter registration, or by separate notice in the case of use of a trade name. Non-action under this provision shall not be construed as an adjudication of any rights or liabilities.
